Subject: City of Eagle Pass - Resolution Opposing Wall Executive Order

Date: Fri Apr 07 2017 13:47:45 EDT

Attachments: City of Eagle Pass Resolution Opposing Wall.pdf

---

(b)(6); (b)(7)(C)

(b)(6); (b)(7)(C) and All,

FYI - USACE just forwarded me a copy of the attached resolution from the City of Eagle Pass.

Apparently it was voted on and passed by the City Council and signed by the Mayor back on 2/7/17.

The only news article I could find on line is in the Eagle Pass Business Journal, entitled "Eagle Pass City Council approves Resolution opposing President Trump's Border Wall Executive Order." However, the link is blocked on my CBP computer:

<http://www.epbusinessjournal.com/2017/02/eagle-pass-city-council-approves-resolution-opposing-president-trumps-border-wall-executive-order/>

FYI - USACE had a realty specialist attend their City's Council meeting Wednesday (4/5/17) to present to them a proposed acquisition of an easement for a (b) (7)(E)

(b) (7)(E)

Reportedly, the City opted to defer (b) (7)(E) easement vote until either their next session or a potentially a special interim session.

Then they presented the attached Resolution to the USACE real estate specialist and asked that he "please pass it along."

(b) (5)

Very Respectfully,

(b)(6); (b)(7)(C), MBA PMP

Real Estate Program Manager

LMI Government Consulting

Border Patrol Air and Marine

Program Management Office

Facilities Management and Engineering

U.S. Customs and Border Protection

Blackberry: (b)(6); (b)(7)(C)

(b)(6); (b)(7)(C)

Excel as a trusted strategic partner enhancing

Border Patrol's proud legacy.

**RESOLUTION NO. 2017-07R****A RESOLUTION OPPOSING PRESIDENT TRUMP'S EXECUTIVE ORDER WHICH CALLS FOR THE CONSTRUCTION OF A BORDER WALL ALONG THE BANKS OF THE RIO GRANDE RIVER; WITH COUNCIL RECOMMENDATIONS ON THE USE OF FEDERAL FUNDS TO ENHANCE BORDER PORT OF ENTRY TECHNOLOGY, INFRASTRUCTURE AND ADDITIONAL EMPLOYMENT OF CUSTOMS OFFICER TO FACILITATE COMMERCE AND TRADE**

**WHEREAS**, the cities of Piedras Negras, Coahuila, Mexico and Eagle Pass, Texas, U.S.A. for a long time have been reciprocating in activities intended to bring the two cities and countries closer together; and

**WHEREAS**, both cities have established a unique strong long lasting sisterhood relationship and their people are linked through history, family, and have deep economic, cultural and demographic ties; and

**WHEREAS**, the Executive Order: **BORDER SECURITY AND IMMIGRATION ENFORCEMENT IMPROVEMENTS** issued on or about January 25, 2017 hinder the already established unique relationship between the cities of Piedras Negras, Coahuila, Mexico and Eagle Pass, Texas, U.S.A.; and

**WHEREAS**, the City Council of the City of Eagle Pass supports anti-terrorism acts and border security operations by the Department of Homeland Security, but is of the opinion that the construction of a border wall along the banks of the Rio Grande River will not deter terrorism and will create environmental and economic development issues that will affect its citizens; and

**WHEREAS**, the City Council of the City of Eagle Pass believes that it is not in the best interest of its citizens to construct the above-mentioned border wall that will harm civil liberties, human rights, and is unlikely to do enough to resolve the difficult problem of illegal immigration; and

**WHEREAS**, the City of Eagle Pass ports of entry suffer from a lack of adequate federal funding, manpower, technology, infrastructure and additional resources to serve the growing needs of the community and to effectuate the speedy transfer of commerce into the United States; and

**WHEREAS**, the lack of adequate federal funding at the border ports of entry including the City of Eagle Pass deter and prolong daily crossings into the United States which negatively impacts

the local communities, the stream of commerce, and time sensitive business deals; and

**WHEREAS**, the last time the federal government embarked on the spending of federal funds to build a border fence which resulted in the wasteful spending that exceeded (b) (7)(E) dollars per mile and which ultimately did not deter illegal immigration crossings.

**NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF EAGLE PASS, TEXAS, as follows:**

**SECTION 1.** The City of Eagle Pass hereby opposes Executive Order: **BORDER SECURITY AND IMMIGRATION ENFORCEMENT IMPROVEMENTS** issued on or about January 25, 2017.

**SECTION 2.** The City of Eagle Pass hereby urges President Trump and Congress to reconsider or remove that portion of the executive order initiative related to the border wall barrier between the two nations that will seriously harm civil liberties and human rights that will have a negative impact in our community.

**SECTION 3.** The City of Eagle Pass further recommends that President Trump and/or Congress divert federal funds to the ports of entry and to the men in blue by increasing the employment of U.S. Customs officers at these ports and by addressing infrastructure improvements that are sorely needed. Rather than wasting federal funds on a border wall, the Council proposes that the federal funds be specifically diverted to address technological enhancements and infrastructure that U.S. Customs need at ports of entry to facilitate commerce and trade between the respective nations and between its inhabitants. The funding of these improvements will enhance border security while at the same time improve and facilitate commercial, pedestrian, and private vehicle crossings to increase commerce and trade between the two countries. The Council believes that the use of federal funds for the above described purposes will be a better investment for ports of entry like Eagle Pass and other border communities and that the return on investment by the federal government will be more profitable if used in this manner.

**SECTION 4.** The City Manager is hereby directed to submit this Resolution to all appropriate federal, state, and local entities in order to convey this statement of opposition on behalf of the City of Eagle Pass.

READ, PASSED, UMNIMOUSLY, AND APPROVED, this 7th Day of February, A.D., 2017.

(b)(6); (b)(7)(C)

The OFO don't deal with the fence. The Border Patrol maintenance facility has a team of welders, electrician, and heavy equipment operators that work along the fence.

(b)(7)(E) Cargo is already have enough traffic as it is.

Have you reach out to BP San Diego FM&E?

Will talk more about this when you get here.

I'm doing a site visit next Tuesday and Wednesday but the need is going to be at earliest in June but the RFP process could push it back further.

We are working on other access routes but that is only one currently in CBP possession. We'd need this access for about 30 days.

thanks

Subject: RE: Engineers Weekly Status 11/16-11/30

(b)(6); (b)(7)(C), weekly update. Tomorrow, (b)(6); (b)(7)(C) may not be able to call in – he is traveling to Tucson.

Travel -Approved

12/15-12/16: (b)(6); (b)(7)(C) to Tucson / (b)(7)(E) for construction site visit and tower improvement joint acceptance meetings.

Travel - Pending

1/22-1/24: [REDACTED] to Yuma for biological monitoring training for (b)(7)(E) Border Patrol Improvement project kick-off

Support requested:

(b) (5)

Issues:

(b) (5)

Upcoming Projects:

(b) (5), (b) (7)(E)

Weekly Summary:

(b)(6); (b)(7)(C) – Tactical Infrastructure

- MR Program: The MR program maintains and repairs existing Tactical Infrastructure from all the southern sectors in CBP. This includes gates, access roads, and drainage.

- MR Projects:

- o Developed boat ramp engineering exhibits (b) (6) for the project development team. Included the boat ramp, parking area, and turn around footprints.

- o Provided engineering expertise with the interpretation of the BPFTI boat ramp standards to the project development team. Ensured that the boat ramp standards will be adhered to during the boat ramp design phase.

- o Provided guidance on the BPFTI Technical Design Standards in designing the (b)(7)(E) road project in (b)(7)(E). Facilitated discussion between the design contractor and CBP personnel. Ensured that the road will be designed to the FC-3 standards.

- o Developed footprint exhibit of a proposed road and boat ramp location for (b)(7)(E) condemnation in the Tucson Sector. Determined the area needed for the boat ramp, road, and storm water management areas.

- o Developed an IGCE for the (b)(7)(E) boat ramp in the RGV sector. The boat ramp work plan included toe repair and a (b)(7)(E) section of and existing boat ramp.

Maintenance and Repair

- (b) (5), (b) (7)(E)

Visited this location to observe erosion on a section of roadway (b)(7)(E)

(b)(7)(E)

- (b)(7)(E) Erosion Issue, There are rocks (b)(7)(E) that are currently entering the roadway. (b)(7)(E)

(b)(7)(E)

- (b)(7)(E) Issues (Up Coming Effort) (b) (5), (b) (7)(E)

- (b)(7)(E) (Up Coming Effort) (b) (5), (b) (7)(E)

drainage to an existing swale.

(b) (5), (b) (7)(E)

(b)(7)(E)

(Up Coming Effor

(b) (5), (b) (7)(E)

(b)(7)(E) (Past Effort) View from above, (b)(7)(E) that was constructed to remove materials from Fish and Wildlife property to DHS property. This area currently is being used as a (b)(7)(E) for CBP.

(b)(7)(E) (Past Effort) , Hill area that had a significant slide due to erosion during significant rain events. The hill was rebuilt (b)(7)(E) to reduce the velocity of water during rain events. The hill was vegetated to prevent future erosion and protect an access road at the bottom of the hill.

(b)(7)(E) (Current Effort) (b)(7)(E) A hill (b)(7)(E) that had no sight distance just before cresting the hill on the access road. The solution is to cut the hill down and provide a smooth radius providing safety and accessibility for CBP agents. This road is now passable during significant rain events due to the reduction of slope.

(b)(7)(E)

(Up Coming Effort),

(b) (5), (b) (7)(E)

Reviewed plan by CBP to install (b)(7)(E) in the RGV sector.

o Developed boat ramp engineering exhibits for real estate and environmental permitting. Installed foot prints that will allow for the boat ramp, parking area, and turn around.

o Provided engineering expertise with the interpretation of the BPFTI boat ramp standards to the project development team. Ensured that the boat ramp standards will be adhered to during the boat ramp design phase. (b)(6); (b)(7)(C)

o Provided guidance on the BPFTI Technical Design Standards in designing the (b)(7)(E) road project in (b)(7)(E). Facilitated discussion between the design contractor and CBP personnel. Ensured that the road will be designed to the FC-3 standards. (b)(6); (b)(7)(C)

o Developed footprint exhibit of a proposed road and boat ramp location for (b)(7)(E) condemnation in the Tucson Sector. Determined the area needed for the boat ramp, road, and storm water management areas. (b)(6); (b)(7)(C)

o Developed an IGCE for the (b)(7)(E) boat ramp in the RGV sector. The boat ramp work plan included toe repair and a (b)(6); (b)(7)(C) section of and existing boat ramp. (b)(6); (b)(7)(C)

(b)(6); (b)(7)(C) – Tower projects assigned –

· (b)(7)(E)

o Working with IBWC for (b)(7)(E) Review and approval of 100% plans.

o Developing MR scope and cost for tower roads not currently in FM&E budget

o Coordinating with (b)(6); (b)(7)(C) at OTIA to complete (b)(7)(E) approvals for water crossings and getting needed info from USACE finish documentation for submittal.

o Preparation of White Paper on (b)(7)(E) width and requirement for new roadway improvements / Low water crossings / Final coordination with Real Estate on information to share with (b)(7)(E) on this issue

o Supporting USACE preparing schedule for (b)(7)(E) for RE negotiations with (b)(7)(E) and overall project planning with OA

o Working with USACE to provide cost estimates for running 3 construction crews instead of 2 and cost impact of a 1.5 year POP for the (b)(7)(E)

o

· (b)(7)(E)

o Supporting PM (b)(7)(E)

o Coordinated with FAA and CBP PM to create a fast track design/construction schedule to meet OTIA (b)(7)(E) dates in January for (b)(7)(E) relocation and (b)(7)(E) Coordinating final site visit / punch list visit for 12/15 for turnover of the project by the end of the year.

o Working additional scope requested by OTIA for the (b)(7)(E) project – (b)(7)(E) Working with Real Estate / Towers Leasing group to finalize approval from US Forest Service on (b)(7)(E) to reduce construction costs

o Leading (b)(7)(E) effort with FAA for tower Construction.

o Coordinating new FY 2017 (b)(7)(E) scope and cost with the FAA for (b)(7)(E) and working IAA Mod for additional funding. Working with OA for transfer of funds to ensure work can be completed for (b)(7)(E) through July. Provided adjusted cost estimates (b)(5) through January and projection of funding needed through July 2017 per historical data.

o Completed CTIMR road and tower site improvements for Nov (b)(7)(E). Working with OTIA and their tower contractor to confirm all were completed per request and have not been damaged by

weather since updates.

- o Coordinating final (b)(7)(E) of sites (b)(7)(E) that were not completed by FAA during initial survey. Coordinating with OA on discrepancy on (b)(7)(E) where the As-Built showed adjusted site, but alternate survey / coordinates were not provided for (b)(7)(E)

- o Working with Real Estate on facilitation of GovNet Lease at (b)(7)(E) to provide space for additional (b)(7)(E) approval. Working with OA and RE to complete final lease by end of Dec with Jan 1 start date.

- o Coordinating with FAA, OIT and Real Estate for (b)(7)(E) equipment in (b)(7)(E) as portion of GovNet Lease. Worked with RE to decouple this item from the GovNet Lease for (b)(7)(E) allowing more time for negotiation with OIT. The (b)(7)(E) GovNet lease will be set up so can come back in future with an Amendment or Addendum to add the (b)(7)(E) equipment to GovNet.

· (b)(7)(E)

- o Reviewed final 100% plans from FAA on scope. Visited (b)(7)(E) Central Site to observe construction of initial site

- o Working with FAA to develop standards for (b)(7)(E) to confirm project criteria.

- o Reviewed 95% Roadway Plans for (b)(7)(E) Road, received comments from OA and consolidated response to FAA for incorporation into 100% plans.

- o Organized joint acceptance walk through (b)(7)(E) and Central sites for 12/16. Coordinated with FAA to provide documentation for meeting.

· (b)(7)(E)

- o Working with OFAM / (b)(6); (b)(7)(C) to set up electric utility accounts to (b)(7)(E) existing (b)(7)(E) sites.

(b)(6); (b)(7)(C)

- TOWERS

- Structural Assessments: GSA Task Order #4 and #5 awarded May 31st for (b)(7)(E) Structural and Condition Assessments will begin June and be complete in December. (b)(7)(E) site draft reports have been completed. (b)(7)(E) are still under review. This effort completes the structural baselining of the (b)(7)(E) inventory (last year and this year (b)(7)(E) new structural and condition assessments were completed).

- Corrective Repair: (b)(7)(E) sites released to FAA to implement repairs in SWB, BUN, MIP, SPW, HLT, DTM, GFN, DRT, LRT, RGV Sectors. Evaluating (b)(7)(E) structural and condition assessments for strengthening/corrective repair, replacement, and/or decommissioning. White paper and presentation for FME to brief OIT-WSPD under development for a proposed corrective repair and

remediation plan for (b)(7)(E) towers in inventory that are in need of strengthening.

- Havre Sector HQ Tower Replacement: PRD received approval. Pending D&D funding allocation to project.

- (b)(7)(E) Tower Replacement: PRD received approval. Pending D&D funding allocation to project.

- Helo Pad Installation Project: GSA Task Order #5 for survey and planning of helo pad installations awarded. Work will begin in June and be complete Spring of 2017. Draft Installation Design Drawings have been received and are under review by the IPT Team. FAA in process of engaging/procuring a fabricator. Continue to hold environmental/leasing weekly status meeting. (b)(7)(E) installations have been tentatively approved by lessor; environmental/easing actions pending.

- FAA Compliance: Coordinating revised hazard to air determinations for Houlton and Detroit sector towers.

- (b)(7)(E) Tower Data Calls: Prepared a response to data call from EEMD for (b)(7)(E) sites and renewable energy credits. Prepared and responded to a data call from (b)(7)(E) project manager for tower locations, heights, elevations, and loading.

- (b)(7)(E) IPT: Kick-off IPT meeting including OPR/OIT/BP/FME held 11/3. Second meeting conducted on 11/30 to discuss strategies for upgrading (b)(7)(E) issues. Datacall being prepared to obtain information from PM/FM by sector and facility for prioritization needs, develop cost estimates, and enter into TRIRIGA as opportunities.

#### - ENVIRONMENTAL

- (b)(7)(E) Road Improvements: Next rotation scheduled for January 23rd through June 22nd. SOW for biological monitoring, SWPPP preparation and training released to GSRC for proposal and task order awarded. Coordinated environmental resolution for proposed staging area expansions and additions for next rotations.

(b)(6); (b)(7)(C); (b)(7)(E)

- MR Program: The FAA is performing the (b)(7)(E) year assessments in El Paso. Reports for Laredo, El Centro and Del Rio are rolling in. Reviewed approx. (b)(7)(E) Laredo reports. (b)(7)(E) PMO is requesting increased data sharing. FAA is having trouble sharing internally so will work directly with PMO to data share.

For Tucson, emailed OA on how they are addressing with GDOS OSHA violations left on tower in (b)(7)(E) and inquiring to abandoned towers in (b)(7)(E). Determining how to address towers that GDOS structural took an exception to current wind loads on. Meeting 12/15 with the PMO to discuss maintenance requirements and response times.

- MR Projects: For TXDOT (b)(7)(E) relocation (towers portion), on going discussions on (b)(7)(E) relocation and new (b)(7)(E) tower (b)(7)(E) For (b)(7)(E) awaiting FAA/Parsons to start project. Awaiting as-builts for (b)(7)(E) Station tower this week. Site visit for El Paso/ (b)(7)(E) replacement was on Nov 30th.

- MR Structural: Planning for (b)(7)(E) or (b)(7)(E) to address (b)(7)(E) towers – will provide list. Provide justification and estimate to assess facility towers based on the finds of the sample already

assessed, will start PRR next. Reviewing Laredo (b)(7)(E) sites) structural scenarios and cost estimates for path forward.

- PRDS starting or drafting for: (b)(7)(E) tower project (have funding and project started). RGV/ (b)(7)(E) station towers (b)(7)(E)

- (b)(7)(E) RGV new construction – (b)(7)(E) 15% final design, not all comments addressed, determining path forward, (b)(7)(E) 15% design expected 12/22. Other (b)(7)(E) AOR 15% design – field work started, deliverable sequencing in planning.

- (b)(7)(E) RGV (b)(7)(E) station towers – 9/23 Received direction from (b)(6); (b)(7)(E) for FAA to proceed with (b)(6); (b)(7)(E) to complete 35% designs. 35% designs expected 1/2017.

- (b)(7)(E) Border –65% design expected mid December – design delayed due to Parsons. (b)(7)(E) rejected request to provide power to (b)(7)(E) of the tower sites therefore (b)(7)(E)

(b)(6); (b)(7)(C)

As you may be aware, we have awarded the design-build contract for the (b)(7)(E) fence replacement project. Granite construction is the contractor. They plan to start work in early January. We had a progress meeting with them yesterday in which they advised that it appears sewage is being discharged into several washes in Mexico (b)(7)(E) the project area. Below is the first of 3 emails I'm sending that describe the locations. We would appreciate any assistance you can provide in getting Mexico to stop these discharges to help ensure Granite's employees (and Border Patrol) can work in a safe environment and the project can be completed on-time. Please let us know if you have any questions and or would like to discuss.

Best,

(b)(6); (b)(7)(C)

Subject: (b)(7)(E) Fence Replacement Project D/B Kick-off Meeting

Date: Thu Dec 08 2016 16:57:21 EST

Attachments:

All,

On Dec 1st, I attended and participated in the (b)(7)(E) Fence Replacement project kick-off meeting with the USACE, Border Patrol and USACE's design-build contractor, Granite Construction. The Corps ran the meeting and went through all of the typical contract kick-off meeting topics (e.g. scope of work, contract requirements, POCs, etc.)

Noteworthy discussion items included:

(b) (5), (b) (7)(E)

(b) (5), (b) (7)(E)

Please let me know if you have any questions.

Best,

(b)(6); (b)(7)(C)

Subject: Fence Presentation to OCC - Thursday

Importance: High

Hi (b)(6); (b)(7)(C)

As I believe (b)(6); (b)(7)(C) informed you, I was invited to present to OCC on Thursday afternoon.

I have given this presentation a number of times at OCC's request for their new attorneys and for new DOJ and USACE attorneys...albeit in a slightly different format.

However, this time I will not just be presenting to new attorneys, I'll be speaking to most of their office here in DC.

As you'll see, I didn't invent new slides per se, I pulled from our new BPAM 101 brief which (b)(6); (b)(7)(C) provided, a couple slides from our recent C2 brief, and a few slides I prepared for recent PMRs.

OCC's desire was for me to cover fence, with a focus on real estate of course.

That said, I'll lead off by briefly introducing the new BPAM organization – I will not spend much time on that though.

Please let me know if the power point is good-to-go, or if you require any amendments.

Thank you in advance!

Very Respectfully,

1. Good document. Reads easy enough and rolls thru the various aspects of the disciplines.

(b) (5)

Solid document.

Subject: (b)(7)(E) Fence Replacement Project-Site Visit

Today I visited the (b)(7)(E) fence replacement project to observe the status of construction and quality of work.

Significant progress has been made since my last visit approximately 1 month ago. Six (6) crews were observed working on-site and approximately 50% of the fence is up. The quality of workmanship is excellent. No noteworthy design issues have arisen (no CRs to date) and the Corps' local management/oversight is exceptional (and a key contributor to the project's success).

The project includes (b)(7)(E) that have yet to be built. Work has just started in these areas and is estimated to take several months to complete due to the work complexity. Also, the

project segment (b)(7)(E) has yet to be constructed so several challenging aspects of the project remain.

Current estimated completion date is April 2017 (December is current contract completion date).

Please let me know if you have any questions.

Best,

(b)(6); (b)(7)(C)

All

Yesterday, myself, (b)(6); (b)(7)(C) and representatives from Border Patrol ELP participated in a conference call with IBWC regarding a number of BPFTI/CBP initiatives. Provided below is summary of our discussions and pending action items:

(b) (5), (b) (7)(E)

(b) (5), (b) (7)(E)

(b)(7)(E) Fence Realignment:

(b) (5), (b) (7)(E)

(b) (5), (b) (7)(E)

(b)(7)(E) Pump Station/Levee Flood Protection & Fencing Improvements (RGV – Planned fence segment (b)(7)(E):

(b) (5), (b) (7)(E)

(b) (5), (b) (7)(E)

(b)(7)(E) Fence Replacement Project:

(b) (5)

(b) (5)

(b)(7)(E) Fence Replacement Project:

(b) (5)

(b) (5)

(b) (5) IBWC had no comments or questions.

Sam Vasquez is IBWC's new Chief of Realty and has been designated as our new POC for IBWC HQ related matters. Sam and I agreed to meet face to face when I'm in El Paso on the 19th.

Please let me know if you have any questions or would like to discuss any of the matters described above.

(b) (6)

Subject: RE: (b)(7)(E)schedule

(b)(6); (b)(7)(C)

Revised initial schedule as requested. As you may know, this revised initial schedule is the end result of several meetings, discussions, and coordination that the KTR had between its field and office management because we kept getting schedules that did not agree with what was actually going on in the field. Also, we know that they will not be able to recover lost time as too much time has already passed. So this is supposed to be their attempt at a realistic, accurate, determination of the proposed current sequence of work and current KTR estimated completion date. This revised initial schedule attempts to correct the previous conflicts and finally provide a formal and final direction forward supported by the KTR field and office management personnel.

We asked for a recovery scheduled, but we know they won't make the 12/5/16 completion date so this is supposed to give a realistic time frame of when they will get done. To date, approximately 51% of the performance period has expired without significant progress, leaving approximately 49% of the

performance period left to perform the work. Based on this schedule the KTR anticipates a contract delivery date well after the required contract completion date, Liquidated Damages will be unavoidable and the KTR has been formally informed via serial letter.

In accordance with this revised initial schedule, the anticipated contract delivery date will be approximately 177 calendar days late. It is not updated, it is supposed to be a baseline, and we know that it does not include actual current progress to date and that once updated a new revised completion date may be before or after the anticipated current contract delivery date. We continue to ask/recommend that Fortis continue to look for ways to recover lost time.

We also informed the KTR that since the anticipated contract delivery date will be after the required contract completion date, Liquidated Damages will be tracked and assessed in accordance with the contract documents starting 6 December 2016, the day after the required contract completion date, for each calendar day that the project is late.

We have not finalized our review yet, looking to try and complete that today.

Thanks

Subject: (b)(7)(E) Fence Replacement

Gentlemen,

As discussed as part of the Post Vendor visit was the site visit to (b)(7)(E)

(b)(7)(E) (b) (5), (b) (7)(E)

(b) (5)

Thanks, (b)(6); (b)(7)(C)

(b)(7)(E) also known as (b)(7)(E) is a large, (b)(7)(E) flowing streambed approximately (b)(7)(E) miles (b)(7)(E). This wash provides drainage for a large portion (b)(7)(E). During the monsoon season, this wash flows rapidly, moving massive amounts of sediment and debris.

Over the past eight years the (b)(7)(E) debris and water have (b)(7)(E) two different occasions. During the 2016 event, debris was deposited on the (b)(7)(E) fencing at (b)(7)(E). The existing (b)(7)(E) fencing was built in (b)(7)(E).

(b)(7)(E)

The location of this proposed fencing replacement is (b) (5), (b) (7)(E) (b)(7)(E)

The project consists of replacing approximately (b)(7)(E) feet of (b)(7)(E) fencing with a fencing solution that will allow proper water flow in this (b)(7)(E) wash.

Current (b)(7)(E) fencing designs (b)(7)(E) (b)(7)(E)

(b)(7)(E)

(b)(7)(E)

The following photos are of damage that occurred during the 2008 (top) and 2016 (bottom) monsoon seasons:

I opened up a few of the old PF225 RFPs and this is what I found:

Fence Segment	BAA Clauses
(b)(7)(E)	52.225-11, 52.225-12
(b)(7)(E)	52.225-11, 52.225-12
(b)(7)(E)	52.225-11, 52.225-12
(b)(7)(E)	52.225-11, 52.225-12

(b)(6); (b)(7)(C)

Since this project is over the \$ (b)(5) threshold, it looks like (b) (5)

(b) (5)

Please let me know if we need to discuss,

(b) (6)

OK. It seems that the two senior folks are not on the call.

So I will suggest that we communicate thar to RGV.

We can have (b)(6); (b)(7)(C) attend to take action items.

Subject: RE: RGV.

(b)(6); (b)(7)(C) For design, the last portion of the (b)(7)(E) 15% design arrived at USACE Friday. They are reviewing the deliverables yesterday and today for completeness and expect to get them to us by the end of today. Provided the deliverables are acceptable, I will have them posted to USBP/OTIA SE by end of the day Thursday.

USACE asked if you will be on USACE or OTIA's (b)(7)(E) RGV calls

(b)(6); (b)(7)(C) Tomorrow we are in meetings with the Corps and will not be able to attend the RGV meeting.

The big nut is the award of (b)(7)(E) and the final reviews for (b)(7)(E) They should be going over to OTIA.

Our schedules are set so no change.

Funding for Metes and Bounds were discussed (b) (5)
